

PITCH120 RULEBOOK

Overview

The Pitch 120 Competition is the flagship event of the E-Summit, IIT Ropar, designed to test participants on problem identification, solution quality, and presentation skills within a limited time frame. Participants will work in teams to propose a real-life solution to a real world problem, similar to an early-stage startup pitch.

Objective

To present a clear, innovative, and feasible startup idea that addresses a real-world problem and has the potential to scale in the future.

Event Flow

In Pitch 120, participating teams are provided with a problem statement at the start of the event. Each team is then given 120 minutes to analyse the problem, brainstorm ideas, and design a practical startup solution.

During this 120-minute sprint, teams are expected to:

- Understand the problem in depth
- Identify the target users and pain points
- Propose an innovative and feasible solution
- Prepare a structured PPT presentation

After the ideation and preparation phase, teams will present their solutions to a panel of judges within the allotted presentation time. This will be followed by a Q&A session, where teams must justify their ideas, decisions, and feasibility. The event tests participants on their speed of thinking, teamwork, creativity, communication skills, and ability to perform under time constraints, closely resembling real world startup and hackathon environments.

Presentation Round (Offline)

Teams must submit a slide deck (5–6 pages) summarizing:

- Problem Statement
- Existing solutions and gap
- Proposed Solution
- How it works
- Target users and Market
- Innovation or Uniqueness
- Business Model

Each team will present their solution followed by a Q&A session.

Presentation Time

5 minutes - Presentation
5 minutes - QnA

Judging Criteria

- Quality of the proposed strategy
- Feasibility and practicality
- Presentation clarity
- Ability to defend ideas during questioning

Evalutation Criteria

CRITERIA	MARKS
Presentation	10
Communication	20
Q&A Response	20
Idea Feasibility	50

Eligibilty Criteria

- The competition is open to all undergraduate and postgraduate students across India.
- Inter college teams are allowed.
- Inter specialization teams are allowed (Management, Engineering, Commerce, Humanities, etc.).
- Students from different academic years may form teams together.

Team Formation Rules

- Each team must consist of 2 to 4 members.
- A participant must be part of only one team.
- Teams must register using a single team name.
- The same team composition must be maintained throughout the competition.

General Rules

- All submissions must be original work.
- Teams must strictly adhere to submission deadlines.
- The decision of the organising committee and judges will be final and binding.
- Any violation of rules may lead to removal from the competition.

Presentation Rules

- Presentation duration must strictly follow the allocated time limit.
- Exceeding time limits may result in mark deductions.
- Judges may interrupt presentations for clarifications or questions.

Prizes

Position	Cash Prizes	Additional Prizes
1st	INR 7,500	INR 5,000 worth of exciting prizes
2nd	INR 5,000	INR 3,000 worth of exciting prizes
3rd	INR 2,500	INR 2,000 worth of exciting prizes

- All participants will be provided an E-certificate of participation.
